

February 1 2006 - EM4 Defense introduces High Power Laser Diode Bars and Arrays to the Defense and Homeland Security market

EM4 Defense offers the Bookham high-power laser diode product family to the Defense industry. This family of high power devices is designed for the most demanding applications in the Defense and Homeland Security markets. The proprietary core technology delivers high brightness and a reliability unsurpassed in the industry. On offer are 40W to 120W bars and arrays with wavelengths from 780 nm to 1070nm.

About EM4 Defense

EM4 Defense, designs, develops and manufactures state-of-the-art, optoelectronic components for the Defense and Homeland Security markets. We offer both Commercial-Off-the-Shelf (COTS) optoelectronic modules, subsystems and unique Optoelectronic Design and Manufacturing Services (ODMS). EM4 is ITAR registered and US-based.
