

Dotster Named Best Budget Host Of 2008 By Hostreview.Com

February 09, 2009

Award recognizes Dotster's commitment to customer satisfaction and solution affordability

Vancouver, WA - Feb. 09, 2009 - Dotster, Inc.(www.dotster.com), a leading provider of Internet business services, was named Best Budget Host of 2008 by HostReview.com. This award recognizes companies that provide the best website solutions and services for businesses and individuals.

"Our goal has always been to make Dotster the destination for creating your online presence, whether you're an individual or an organization," said Clint Page, CEO of Dotster. "This award validates that goal and Dotster's commitment to providing easy and affordable solutions for our customers."

Offering one of the best domain name registration prices in the industry, a Deluxe web hosting plan for only \$8.75 a month, and a complete suite of website design and online marketing tools, Dotster provides everything an organization needs to get started online. For anyone with a growing website, Dotster's best-of-breed Virtual Private Server hosting offers advanced, dedicated server-like hosting with guaranteed RAM and bandwidth, dedicated IP addresses, root-level access, and powerful reseller capabilities. Dotster is also one of the first service providers to offer a user-community solution scaled to suit businesses of all sizes. The Dotster Connect service helps companies build their own online communities to engage customers and create online advocates.
