

IQNavigator Named to Denver Business Journal Best Places to Work

Focus on Employee Development and Performance Catapults IQNavigator to the Top of the List for "Best Place to Work in the Large Company Category"

DENVER, Colorado - December 4, 2007 – IQNavigator, the leading provider of on-demand services procurement software and managed service programs, today announced the company has been named to the Denver Business Journal Best Places to Work in the Large Company Category. Based on employee survey results, IQNavigator was recognized for its market leadership, growth, energetic corporate culture, and focus on employee development.

More than 175 worldwide employees support a blue-chip customer base of Global Fortune 500 companies. With 33 consecutive quarters of revenue growth, IQNavigator's focus on technology innovation and client success has driven its strong performance. As a result, IQNavigator has grown by 1,177% over the past five years as recognized by Deloitte and Touche's Technology Fast 50, and is one of the fastest growing software-as-a-service (SaaS) companies globally. IQNavigator is committed to recruiting, retaining and promoting A-players committed to revenue growth, client service and satisfaction and technology excellence.

"Since inception, IQNavigator has emphasized strategy, growth, globalization and employee development. We have executed well in each of these areas and our focus on recruiting and promoting A-players is the foundation for our company's success," said John P. Raeder Jr., President and CEO of IQNavigator. "We have created an accountability and results oriented culture, while ensuring balance, and personal and professional growth. This award is a testament to our company's commitment to every employee and their contribution to helping build a world class, global, software company in Colorado."
